Summary of Information

The ships in port are red, black and blue in color. A white vessel is in the port condition, fishing vessel and most related crew are among the grey.

The little red one is for the purpose of fishing at sea. ^{this one is the first to leave port}
One of these vessels are currently carrying ships.

A large blue vessel which cost much a super speed is associated with drug and will leave this port zone on Thursday at 10:30.

This vessel is bat as big as the black one. Please see attached sheet for basic description of.
